

Wild Packs and Their Partners

You agree to your data being shared with:

Wild Packs and its employees – Wild Packs Summer Camps has been sending staff to camps since 2010. Our employees are all based in our Head Quarters in Rosyth, Fife, Scotland. The employees of Wild Packs have all been through the summer camp counsellor program, and many still return to camp in America. Wild Packs employees will have access to your full Wild Packs application and all submitted documents required to obtain a J1 visa so you can legally work at camp.

IENA - IENA are one of our visa sponsors. Upon placement at camp, or acceptance onto the Placement Extension Program, we are required to share your data, including full Wild Packs application, passport copy, references etc onto IENA in order to provide you with J1 sponsorship, and visa paperwork so you can legally work at camp.

CIEE- are another one of our visa sponsors. Upon placement at camp, or acceptance onto the Placement Extension Program, we are required to share your data, including full Wild Packs application, passport copy, references etc onto CIEE in order to provide you with J1 sponsorship, and visa paperwork so you can legally work at camp.

Our partner camps in America - Our camps will have access to your full Wild Packs application, references and police background check when reviewing your application (once accepted onto the program) for potential placement.

The US Embassy - If you're applying for camp from the UK your embassy appointment may be booked by Wild Packs, typically once you're placed at camp. The Embassy will have access to your name, address, phone number, date of birth, passport information, and previous US visa information (if applicable).

Visaops and CSRA – Have a contract with the Department of State and help manage customer services at the embassies. Wild Packs may share your name and passport number with Visaops/CSRA if assistance is needed with your embassy booking.

Jack Russell Debt Collection and Legal Process Servers – Debt recovery service employed by Wild Packs. Should an applicant fail to complete their contract, and fail to pay their 'failure to complete program' fee (initially paid directly to Wild Packs) then Wild Packs will use Jack Russell to help to recover this fee.

Cogniris – Cogniris are our technical support partners, who assist with web development, design and CRM system management. When approved by Wild Packs Cogniris will have access to your full Wild Packs application.

Think Web Online - Work in partnership with Wild Packs and Cogniris, and are our technical support partners, who assist with web development, design and CRM system management. When approved by Wild Packs Think Web Online will have access to your full Wild Packs application.

Dropbox- We store your Wild Packs application, and documents which you send to us in secure Drop Box files.
